2.3. Evaluation Criteria

Each Proposal submittal shall be evaluated for conformance as responsive and responsible using the following criteria:

- A. That all proposal documentation was submitted timely and in conformance with all requirements of the RFP.
- B. That the following elements of Contractor's proposal meet or exceed the requirements of this RFP and cumulatively provide the service and benefits to the County deemed to be in the best interest of the public:
 - 1. Total Cost
 - 2. Qualifications of the firm and the employees that will be assigned to the County, including but not limited to credentials and certifications
 - 3. Experience in providing similar services / references, including timeliness of performance; in order to evaluate past performance, all proposer are required to submit three (3) references illustrating a minimum of five (5) years' relevant service that are the same or similar to the magnitude of this RFP. For company name and/or ownership changes, appropriate documentation shall be required;
 - 4. Overall project methodology/approach to support the needs and objectives of the project.

2.4. Evaluation Method

The County will appoint a committee consisting of department staff to evaluate the proposals and to make a recommendation to the County Council. The County will be the sole judge of its own best interests, the proposals, and the resulting Contract (**Sample Contract/Agreement to be posted**). The

County's decisions will be final. Award will be made to the proposal which presents the best value to the County based on the entire evaluation process and all the information gathered. The County may require short-listed firm(s), if applicable, to do an oral presentation or have discussions by the proposed team relative to their specific experience on similar projects. Although each member independently examines the proposals prior to the meeting, the short-listing or selection of the firms is determined by the consensus of the committee at the meeting.

Note: Respondents are prohibited from contacting any of the committee members, other than the Procurement Analyst prior to the recommendation of award from the committee.

2.5. [Proposal Acceptance/Rejection](#)

The County reserves the right to accept or reject any or all proposals received as a result of this RFP, or to negotiate separately with competing Respondents, and to waive any informalities, defects, or irregularities in any proposal, or to accept that proposal or proposals, which in the judgment of the proper officials, is in the best interest of the County.

2.6. [Proposal Acceptance Period](#)

Any Proposal in response to this RFP shall be valid through January 31, 2024. At the end of this time the proposal may be withdrawn at the written request of the Respondent if no award has been made. If the Proposal is not withdrawn at that time it remains in effect until an award is made or the solicitation is canceled regardless of the status of the proposal bond. The County reserves the right to request an extension of the proposals if a Contract has not been executed by January 31, 2024.

2.7. [Payment Terms](#)

- A. The County will remit full payment on all undisputed invoices within forty-five (45) days from receipt by the appropriate person(s) (to be designated at time of Agreement) of the invoice(s) or receipt of all products or services ordered.
- B. In accordance with Office of Management and Budget 2 CFR Part 1315, Prompt Payment, the County will pay interest not to exceed one percent (1%) per month on all undisputed invoices not paid within thirty (30) days after the due date.
- C. The County has the capability of Electronic Funds Transfer (EFT). List any discounts for prompt payment and/or willingness to accept Electronic Funds Transfer (EFT) and the discount to be applied to such payments. Contractors offering prompt payment discounts, for example, 1% - net 10, the discount shall be taken if the check issue date is within specified time period from date of invoice.

By submitting a Proposal (offer) to the County of Volusia, Florida, the Contractor expressly agrees that, if awarded an Agreement, the County may withhold from any payment monies owed by the Contractor to

the County for any legal obligation between the Respondent and the County including, but not limited to, real property taxes, personal property taxes, fees, and commissions.

2.8. Award Term

The County is looking to promote partnership relationships within the policies and procedures of public procurement. Pursuant toward that end, the successful Contractor(s) shall be awarded an Agreement for an initial (3) three year term with the option for (2) subsequent one (1) year renewals.. All renewals will be contingent upon mutual written agreement and, when applicable, approval of County Council.

2.9. Price Redeterminations

Once each year during the term of the Contract, including any extension or renewal periods thereof, the Contractor may, but is not obligated to, petition the Director of Purchasing and Contracts for one or more price redeterminations where such price redetermination(s) is/are necessitated by documented increases in the cost of wages and fuel. Petitions for price redeterminations shall be made within thirty (30) days of the anniversary date of the Contract (i.e., the calendar day and month when the Contract became effective) and only after the Contract has been in effect for at least one year. Any such petition shall be made pursuant to the provisions of this Section and only for those price redetermination categories specified herein. Unless otherwise expressly set forth in this Agreement, no other price redeterminations shall be allowed. All price redeterminations, once issued, shall be prospective from the date of approval unless otherwise approved by a duly executed amendment to this Agreement.

- A. *Basis for Price Redeterminations.* The Contractor may petition the Director of Purchasing and Contracts for price redetermination based on the increased costs of wages and fuel. Price redeterminations will be based solely upon changes in pricing or costs documented by either the Employment Cost Index (ECI) or Producer Price Index (PPI), whichever is applicable, as published by the Bureau of Labor Statistics. The base index number for the ECI will be for the quarter in which the RFP opens. The base index number for the PPI will be for the month the RFP opens. Any subsequent price redeterminations will use the last price redetermination approved for that price redetermination category as the “base index number.” The County shall have the right to audit the Contractor’s records, including, but not limited to, payroll, materials, and fuel cost records, to verify or otherwise investigate the validity of any price redetermination request.
- B. *Wage Price Redetermination.* When requesting a price redetermination based upon an increase in wage costs, the Contractor shall refer to and utilize the Employment Cost Index, Total Compensation, Private Industry, Index Number, and Occupational Group at as prepared by the Bureau of Labor Statistics in the U.S. Department of Labor <https://stats.bls.gov/data/>. The base figure will be tied to Professional and Related Occupations under the heading Private Industry Workers. Wage price redetermination increases shall be granted only by reason of wage increases associated with the Contractor’s employees or subcontractors performing work or services pursuant to the Agreement.
- C. *Minimum Wage Price Redetermination.* If the minimum wage increases during the term of the Agreement, including any renewal or extension period thereunder, the Contractor may petition

the Director of Purchasing and Contracts for price redetermination for those job categories where the pay to the Contractor's employee(s) is the current minimum wage. Upon verification of the information provided, the County will grant an increase of exactly the amount of the minimum wage increase (not the percentage increase). The Contractor must increase the pay to the employee(s) by the amount the Contractor has requested, which shall not exceed the amount of the minimum wage increase. The amount paid to the Contractor will be the increase plus any written and documented increase in FICA, Medicare, and Workers' Compensation insurance. The Contractor must supply written documentation of any other increase that is beyond the scope and control of the Contractor. All written documentation must satisfy the reasonable expectations of the Director of Purchasing and Contracts and Internal Auditor.

1. *Example:* Minimum wage increases from \$7.31 to \$7.56 per hour. The Contractor may petition for an increase of \$0.25 per hour to be paid to the affected employee(s) and shall provide written and documented cost increases for FICA, Medicare and Workers' Compensation. The resulting increase in costs shall be incorporated into fees/rates billed to the County.
2. If the Contractor bills the County at a higher price according to any price redetermination granted by the County, and the Contractor fails to increase the hourly rate paid to the employee for the same period, the Contractor will be considered in Agreement default and the Agreement will be immediately terminated.

D. *Fuel Price Redetermination.* If/when the price of fuel increases by a minimum of ten (10%) percent, the Contractor may petition the Director of Purchasing and Contracts for a fuel price redetermination. As a condition of petitioning for a fuel price increase, the Contractor shall be required to petition for a fuel price redetermination decrease if/when the price of fuel decreases by a minimum of ten (10%) percent. Failure to make such petition may be grounds for Agreement termination and shall entitle the County to a refund of the cumulative increase in pay to the Contractor due to any prior fuel price redetermination increase(s). Fuel price redetermination must be based solely upon changes as documented by the Producer Price Index (PPI) for the commodities "Unleaded Gasoline - WPU057104" or "#2 diesel fuel - WPU057303," as such may be applicable to the Contractor's operations in connection with the Contractor's performance of the Agreement.

E. *Price Redetermination Calculation.* All Price Redeterminations shall be calculated as follows:

1. *Example:* Contractor indicated on the Submittal Form that thirty percent (30%) of the cost to provide the product/service is directly attributed to the redetermination category (wages or fuel).

Current applicable PPI = \$200.50

Base index PPI = - \$179.20

PPI increase dollars = \$21.30

PPI increase percentage ($\$21.30$, $\$179.20 = .1189$).....11.9%
Unit cost of the service is..... $\$100.00$
30% of $\$100.00$ is directly attributed to the redetermination category.... $\$30.00$
 $\$30.00 \times 11.9\% =$ $\$3.57$
New unit price for the product/service is ($\$100 + \3.57)..... $\$103.57$

- F. *Expiration Upon Failure to Agree to Price Redetermination.* If the County and the Contractor cannot agree to a price redetermination pursuant to the terms and conditions of this section, then the Agreement will automatically expire without penalty or further expense to either party after a period of six (6) months following the Contractor's initial request for such price redetermination. Requests for price redeterminations not made in accordance with the provisions of this section shall be deemed null and void and shall not be a valid reason or pretext for expiration or termination of the Agreement. If the Agreement expires pursuant to the terms and conditions of this section, the County reserves the right, at no expense, penalty, or consequence to the County, to award any remaining tasks thereunder to the next available most responsive and responsible Contractor.

2.10. Termination

- A. The resulting Contract may be terminated by either party upon the material breach by the other party if such breach is not cured within thirty (30) days written notice from the non-breaching party.
- B. County may terminate this Agreement upon at least thirty (30) days days prior written notice to Contractor.
- C. Contractor may terminate this Agreement upon at least one hundred eighty (180) days days written notice to the Director of Purchasing and Contracts. Failure to provide proper notice to the County may result in the Contractor being barred from future business with the County.
- D. After Contractor's receipt of a notice of termination pursuant to Paragraph 1 above (or to the extent Contractor has not cured a material breach within thirty (30) days notice from County), and except as otherwise directed by the County, the Contractor shall:
1. Stop work under the Contract or applicable statement of work on the date specified in the notice of termination. 4.2. Place no further orders or subcontracts for materials, services or facilities.
 2. Terminate all orders and subcontracts to the extent that they relate to the performance of work or services terminated by the notice of termination.
 3. With the approval of the County and to the extent required by the County, settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts. County's approval of such settlements shall be final for all the purposes of this Section, Termination.

- E. After receipt of a notice of termination, the Contractor shall submit to the County its termination claim for amounts owed by County (which shall include, without limitation, all amounts due for work or services performed through the date of termination), in the form and with a certification as prescribed by the County. Such claim shall be submitted promptly but in no event later than thirty (30) days from the effective date of termination, unless one or more extensions in writing are granted by the County, upon request of the Contractor made in writing within such thirty (30) days period or authorized extension thereof. Upon failure of the Contractor to submit its termination claim within the time allowed, the County may determine on the basis of information available to it, the amount, if any, due to the Contractor by reason of the termination and shall thereupon pay to the Contractor the amount so determined. In the event County terminates for convenience or non-appropriation, Contractor shall not be obligated to refund to County any prepaid fees.
- F. Non-Appropriation. The resulting Contract may be terminated by the County or Contractor if the County does not appropriate the funding in any fiscal year necessary to pay the compensation set forth in the Article entitled Compensation in the resulting Contract.
- G. In the event that the resulting Contract is terminated by the County or Contractor for non-appropriation, Contractor shall be paid in accordance with terms of the Article entitled Compensation in the resulting Contract. Contractor shall be paid (a) to the date of termination on a prorated basis for any task and deliverable designated for payment on the payment milestone schedule that was started but not completed and/or (b) for any work or deliverable that has been completed but not yet been paid. County's obligation to pay Contractor under this Section, Termination, and the resulting Contract is limited to the budgeted amount for the fiscal year approved by the Volusia County Council for the then current fiscal year of the resulting Contract. Contractor shall have no right to compel the Volusia County Council to appropriate funds for any fiscal year to pay the compensation.
- H. Upon being notified of County's election to terminate for default of Contractor, non-appropriation or convenience, Contractor and its Subcontractors shall refrain from performing further work or incurring additional expenses under the terms of the resulting Contract which is not specifically authorized in the notice of termination.
- I. If termination of the resulting Contract occurs for any reason:
 - 1. Except as otherwise provided in the resulting Contract, Contractor shall return to the County, or destroy, all County confidential information in Contractor's possession and shall certify the destruction or return of said information in a written document signed by the duly authorized representative of the Contractor that all such information has been destroyed or returned, provided that Contractor shall be permitted to retain an archival copy of any such confidential information (provided it continues to maintain the confidentiality of such as prescribed herein) to the extent necessary to have a record of the work or service performed hereunder.

2. For all undisputed outstanding invoices submitted to the County for Work completed or deliverables delivered prior to the effective date of the termination, the County shall cause payments to be made to Contractor within forty-five (45) days of receipt of invoice. Contractor shall invoice the County for any sums Contractor claims to be owed by County under the resulting Contract for work performed from the last invoice to the effective date of termination. County shall review such invoice for payment within fifteen (15) days of receipt and County shall pay any undisputed amount within forty-five (45) days, subject to the Article entitled Compensation in the resulting Contract. Any disputed amounts on any invoices shall be subject to the dispute resolution process set forth in the Article entitled Dispute Resolution in the resulting Contract.
- J. In the event of termination by the County for non-appropriation, for all items or products ordered by Contractor before receipt by Contractor of the Notice of Termination which Contractor could not cancel without imposition of a fee, the County shall cause payments to be made to Contractor within forty-five (45) days of receipt of an undisputed invoice for all cancellation, restocking or residual fees resulting from the cancellation or return of third party products ordered from or shipped by the vendor thereof prior to the effective date of the termination.

2.11. Damages

Due to the nature of the services to be provided and the potential impact to the County for loss, the Contractor cannot disclaim consequential or special damages related to the performance of this Agreement. The Contractor shall be responsible and accountable for any and all damages, directly or indirectly, caused by the actions or inaction of its employees, staff, or Subcontractors. There are no limitations to this liability.

Further information regarding the County's policies and procedures in regards to DEBARMENT may be found at <https://www.volusia.org/core/fileparse.php/5896/urlt/Debarment-Policy-final-3-27-17.pdf>

Attachment I**FEDERAL LABOR STANDARDS PROVISIONS****U.S. Department of Housing
And Urban Development****HUD-4010
(7/03)**

Applicability

The project or program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this contract pursuant to the provisions applicable to such Federal assistance.

A. 1. (i) Minimum Wages. All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at the time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR-5.5(a)(1)(iv); also regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its sub-contractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (1)** The work to be performed by the classification requested is not performed by a classification in the wage determination; and
 - (2)** The classification is utilized in the area by the construction industry; and
 - (3)** The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
- (b)** If the contractor and the laborers and mechanics employed in the classification (if known, or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent to HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (approved by the Office of Management and Budget under OMB control number 1215-0140.)
- (c)** In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate). HUD or its

designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee with the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

- (d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1) (b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, provided that the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

2. Withholding. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federally contract with the same prime contractor, or any other Federally assisted contract subject to Davis Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violation have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

3. (i) Payroll and basic records. Payroll and basic records related thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1(b) (2) (B) of the Davis bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(ii) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely, all of the information required to be maintained under 29 CFR Part 5.5(a) (3) (i). This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington D.C. 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

(b) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be maintained under 29 CFR Part 5.5 (a) (3) (i) and that such information is correct and complete:

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been fully paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than the permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of WH-347 shall satisfy the requirement of submission of the: "Statement of Compliance" required by paragraph A.3. (ii)(b) of this section

(d) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph A.3.(i) of this section available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available shall be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and Trainees.

(i) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeyman on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, which is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is

performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractors registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the training program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate that is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended and 29 CFR Part 30.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract.

6. Subcontracts. The contractor or subcontractor will insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as HUD or its designee may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR Part 5.5.

7. Contract termination; debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

9. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its

subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

10. (i) Certification of Eligibility. By entering into this contract the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a) (1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C 1001. Additionally, U.S. Criminal Code, Section 1 01 0, Title 18, U.S.C., "Federal Housing Administration transactions", provides in part: "Whoever, for the purpose of ... influencing in any way the action of such Administration....makes, utters or publishes any statement knowing the same to be false shall be fined not more than \$5,000 or imprisoned not more than two years, or both."

11. Complaints, Proceedings, or Testimony by Employees. No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or related to the labor standards applicable under this Contract to his employer.

B. Contract Work Hours and Safety Standards Act. As used in this paragraph, the terms "laborers" and "mechanic" include watchmen and guards.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of eight hours in any calendar day or in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basis rate of pay for all hours worked in excess of eight hours in any calendar day or in excess of forty hours in such workweek, whichever is greater.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in subparagraph (1) of this paragraph, the contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth on subparagraph (1) of this paragraph, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of eight hours or in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in sub paragraph (1) of this paragraph.

(3) Withholding for unpaid wages and liquidated damages. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract, or any other Federal contract with the same prime contract, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same prime contractor such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (2) of this paragraph.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in subparagraph (1) through (4) of this paragraph and also a clause requiring the subcontracts to include these clauses in any lower tier subcontracts, The prime contractor shall be responsible for compliance by any

FEDERAL CONTRACT PROVISIONS

Contractor agrees to comply with all requirements checked below

Equal Employment Opportunity – for all contracts for construction work which is defined as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.

This requirement applies to all FEMA/Federal grant and cooperative agreement programs.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

Contract Work Hours and Safety Standards Act

This requirement applies to all FEMA/Federal contracts awarded by the non- federal entity in excess of \$100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. - (3) Withholding for unpaid wages and liquidated damages. The County of Volusia or State of Florida shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.
- (4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. Rights to Inventions Made Under a Contract or Agreement

If the FEMA award meets the definition of “funding agreement” under 37C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the non- Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative

Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F)

This requirement applies to “funding agreements,” but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of “funding agreement.”

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.
2. The contractor agrees to report each violation to the County of Volusia (County) and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to State of Florida and County of Volusia, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
4. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R.

pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

If applicable, contractors must sign and submit to the non-federal entity the certification in Appendix A.

Byrd Anti-Lobbying Amendment

This requirement applies to all FEMA/Federal grant and cooperative agreement programs. Contractors that apply or bid for a contract of \$100,000 or more under a federal grant must file the required certification. See 2 C.F.R. Part 200, Appendix II(I); 31 U.S.C. § 1352; and 44 C.F.R. Part 18.

Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. The following access to records requirements apply to this contract:

1. The Contractor agrees to provide State of Florida, County of Volusia, the FEMA (Federal grant) Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

**Changes**

To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope.

FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

**Compliance with Federal Law, Regulations, and Executive Orders**

This is an acknowledgement that FEMA/Federal financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA/Federal policies, procedures, and directives."

**No Obligation by Federal Government**

The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

**Program Fraud and False or Fraudulent Statements or Related Acts**

The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

**Domestic Preferences for Procurements**

The Contractor acknowledges that they, as appropriate and to the extent consistent with law, shall, when practicable purchase, acquire, or use goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). **See 2 C.F.R. Part 200.322.**

(2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

2. In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.

Instructions for Certification

(Applicable to all subcontracts, purchase orders and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more - 2 CFR Parts 180 and 1200)

- a. By signing and submitting this proposal, the prospective lower tier is providing the certification set out below.
- b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
- c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances.
- d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a grantee or sub-grantee of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or sub-grantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

- g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (<https://www.epls.gov/>), which is compiled by the General Services Administration.
- h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
