STRENGTHENING VOLUSIA'S FUTURE

We want to hear from you!

Volusia County has been allocated \$133,515,000 in Community Development Block Grant-Disaster Recovery (CDBG-DR) funds from the U.S. Department of Housing and Urban Development (HUD). This funding will support the community's recovery from Hurricane Milton by focusing on disaster relief, long-term recovery, and the restoration of infrastructure and housing. Join us to learn more about CDBG-DR and share your input on how these funds can best support Volusia County's unmet needs.

All community members are invited!

We encourage participation from individuals, families, and organizations affected by Hurricane Milton. Your input is essential in guiding the creation of the Action Plan.

What is CDBG-DR?

The CDBG-DR program provides funding to support disaster recovery and long-term rebuilding efforts. Congress appropriates funding to HUD to address disaster recovery needs that are not met by other sources of Federal disaster assistance.

Why attend?

- Share your thoughts and feedback on remaining unmet needs.
- Help shape the recovery efforts to meet the needs of our community.
